FIRST ANNOUNCEMENT

VIII-th INTERNATIONAL CONFERENCE

Ion Implantation and Other Applications of Ions and Electrons

**Kazimierz Dolny, Poland
June 14-17, 2010**

organized by

**Maria Curie-Skłodowska University, Lublin
in cooperation with
Lublin University of Technology
and Wrocław University of Technology**

ORGANIZERS

Dariusz Mączka honorary chairman
Jerzy Żuk chairman, Maria Curie-Skłodowska
University, Lublin
Paweł Żukowski Lublin University of Technology
Jerzy Zdanowski Wrocław University of Technology,
Poland

You are cordially invited to participate in the eight International Conference “Ion Implantation and Other Applications of Ions and Electrons”, ION 2010. The conference will be held in Kazimierz Dolny, Poland, from June 14 to June 17, 2010.

The idea of ION Conferences has been stimulated by the permanent success and steady increasing interest in ion implantation techniques, which have emerged from fundamental research in ion and plasma physics and established themselves as standard methods for material modification and characterization.

The following topics should represent the focus of the ION 2010:

- creation and modification of layers using ion, electron and plasma technologies,
- materials characterization with application of ions and electrons,
- ion beam micro- and nano-engineering,
- fundamentals of ion beam interactions with solids,
- mass spectrometry and its applications.

Young Scientists Contest

During the ION 2010 Conference a special Young Scientists Session will be organized. Prizes will be awarded for the best 15 minutes oral and poster presentations. The Contest aims at Ph.D. students and scientists with not more than 6 years after their Ph.D. defence. The jury will be appointed by the Scientific Committee of the ION 2010 Conference.

In order to participate in the Young Scientists Contest, a candidate is asked to submit a short CV together with an abstract not later than April 30, 2010. The candidate

should be a first author of the presentation.

CONTRIBUTIONS

In addition to the invited lectures, contributions for 15 minutes oral presentation will be selected from the submitted abstracts. Remaining contributions will be presented in poster sessions. The Proceedings of the Conference, containing papers accepted by referees, will be published as a special issue of the VACUUM journal.

ION 2010 SITE

The ION 2010 Conference will be held at the “Dom Dziennikarza” hotel in Kazimierz Dolny (<http://www.domdziennikarza.com>), a beautiful and historical little town on the Vistula river, 120 km from Warsaw. The hotel, which is the accommodation place for most of the participants, is situated within a walking distance from the town’s center. Full board, including breakfasts, lunches and evening meals will be served at the hotel restaurant.

ION 2010 FEE

The fee is 1700 PLN (450 EUR) single room accommodation, and 1400 PLN (370 EUR) for double rooms. Student and accompanying persons rate is 900 PLN (240 EUR).

Payments must be free of bank charges to the organizers. After May 15, 2010 the fees will be 10% higher.

Unfortunately, it will be not possible to make the payment at the Conference site.

The ION 2010 fee covers board and lodging, a book of abstracts, coffee breaks and the extensive social programme consisting of a conference party, a barbecue and excursion.

We would like to ask everybody wishing to attend the ION 2010 to complete the attached registration card and return it to the Conference Secretariat not later than March 15, 2010.

The official language of the Conference is English.

REGISTRATION CARD (Submit until March 15th 2010) VIII -th International Conference ION 2010, Kazimierz Dolny, June 14-17, 2010

Surname Name Title (Prof., Dr, Mr., Mrs.)
Company/Institution Country
